Dear Ana Hourahine,

Your letter dated October 28th has been sent to me for response and I do apologize for the delayed response, as this was due some administrative confusion.

We can confirm that although we were approached by Bell about locating a cell tower at our subject Shell site, a cell tower will not be installed at this location.

If there are any other questions, please feel free to contact me directly at the phone number below.

Regards,

Ken Marois Real Estate Advisor North America Network Delivery
